Уведомление

Перевозка и другие предоставляемые перевозчиком услуги подчиняются условиям перевозки, которые включаются в данный документ ссылкой на них. Эти условия можно получить у оформляющего перевозчика или перевозчика, указанного в билете. Пассажиры, перевозка которых имеет конечный пункт назначения или остановку не в стране отправления, уведомляются о том, что положения международного соглашения (Варшавской конвенции, Монреальской конвенции 1999 года или иного договора), а также собственного договора перевозки или тарифные положения перевозчика могут применяться в отношении всей перевозки, включая любую ее часть, находящуюся полностью в странах отправления и назначения. Применимое соглашение регулирует и может ограничивать ответственность перевозчика перед пассажирами за смерть или причинение вреда здоровью, уничтожение или ущерб, или повреждение багажа, а также за задержку при перевозке пассажиров и багажа. Дополнительную защиту можно получить, как правило, путем приобретения страхового покрытия в частной компании. На такое страховое покрытие не распространяются никакие ограничения ответственности перевозчика в рамках международного договора. Более подробную информацию можно получить у перевозчика. Notice

Carriage and other services provided by the carrier are subject to conditions of carriage, which are hereby incorporated by reference. These conditions may be obtained from the issuing carrier or carrier indicated in the ticket. Passengers embarking upon a journey involving an ultimate destination or a stop in a country other than the country of departure are advised that the provisions of an international treaty, (the Warsaw Convention, the 1999 Montreal Convention, or other treaty), as well as a carrier's own contract of carriage or tariff provisions, may be applicable to the entire journey, including any portion entirely within the countries of departure and destination. The applicable treaty governs and may limit the liability of carriers to passengers for death or personal injury, destruction or loss of, or damage to, baggage, and for delay of passengers and baggage. Additional protection can usually be obtained by purchasing insurance from a private company. Such insurance is not affected by any limitation of the carrier's liability under an international treaty. For further information please consult your airline or insurance company representative. The carriage of certain hazardous materials, like aerosols, fireworks, and flammable liquids, aboard the aircraft is forbidden. If you do not understand these restrictions, further information may be obtained from your airline. Data Protection Notice: Your personal data will be processed in accordance with the applicable carrier's privacy policy and, if your booking is made via a reservation system provider ("GDS"), with its privacy policy. These are available at <https://www.istat-avelcentre.com/privacy.htm> or from the carrier or GDS directly. You should read this documentation, which applies to your booking and specifies, for example, how your personal data is collected, stored, used, disclosed and transferred.
