1.1. From Jiaxing Nanhu Airport

Option	Time	Cost
DiDi or taxi **Recommended**	35–50 min	60–100 RMB
Bus Express 3 + 78 + 272	about 1 h 15 min	6 RMB (3 × 2 RMB)

Times and prices are estimates. Traffic and flight times can change them; the DiDi app shows the exact price.

1.2. From Shanghai Pudong (PVG) and Hongqiao (SHA) airports

Option	Time	Cost
Pudong DiDi or taxi	2–2.5 h	400–650 RMB
Pudong Rail + DiDi	2.5–3.5 h	about 95–145 RMB
Hongqiao DiDi or taxi	about 1.5 h	280–450 RMB
Hongqiao Train + DiDi **Recommended**	1.5–2 h	about 70–120 RMB

Estimates as of October 2026. Shanghai taxis cost 30% more from 23:00 to 05:00. For any car, show the driver box above.

(1) By public transport: step by step

From Pudong Airport (PVG)

1. **Airport Link Line** (机场联络线): from Arrivals go up to Level 2 and follow the signs to the Transport Hub (交通中心) between T1 and T2. Do not take Metro Line 2 or the Maglev.
2. **Ride to Hongqiao Airport Terminal 2** (虹桥2号航站楼): about 40 min, 26 RMB, every 15 min, 06:00–22:00. Then walk 10–15 min inside the hub to Hongqiao Railway Station and continue from step 2 below.

From Hongqiao Airport (SHA)

1. **Go to Hongqiao Railway Station** (上海虹桥站): from T2, walk 10–15 min following the signs. From T1, take Metro Line 10 two stops (3 RMB) or the free shuttle bus to T2.
2. **Buy a train ticket** in the Railway 12306 app or Trip.com with your passport: Shanghai Hongqiao (上海虹桥) → Jiaxing South (嘉兴南). Trains take 27–50 min; second class costs 24–46 RMB.
3. **Board:** pass security on the departures level, find your gate (检票口) on the screens and scan your passport at the gate. Gates close 5 min before departure.
4. **At Jiaxing South Station** (嘉兴南站): follow the signs 网约车 (DiDi) or 出租车 (taxi). To campus: about 30–40 min, 45–70 RMB. Show the driver box.

Example: how to buy a high-speed train ticket from Shanghai Hongqiao to Jiaxing South on Trip.com (see Appendix)

For more details on how to take the Airport Link Line, see: https://www.chinaairlinetravel.com/airport-guide/shanghai-airport/airport-link-line-pvg-sha.html

Book your train at least 2.5 h after landing at Pudong, or 1.5 h at Hongqiao, to allow for immigration and luggage. If your flight is late, take a DiDi instead.

(2) Before you fly: get your phone ready

In China almost everything is paid by phone, and you need mobile internet to book a car. Do these at home, where you have good Wi-Fi.

支付宝 ALIPAY　DiDi　AMAP

1. **Mobile internet.** Buy an eSIM or turn on international roaming for China. Do not count on airport Wi-Fi: it often asks for a Chinese phone number.
2. **Install Alipay** (blue app, from your app store). Sign up with your own phone number and passport.
3. **Change Alipay to English:** Account (bottom right) → Settings → General → Language → English.
4. **Add your bank card:** Account → Bank Cards → add Visa or Mastercard. Payments up to about 200 RMB normally have no fee.
5. **Test it:** in Alipay, search DiDi and open it once, so you know where it is. You do not need a separate DiDi account.
6. **Translation app:** install one that works in China (for example Apple Translate on iPhone, or Microsoft Translator) and download Chinese for offline use.
7. **A little cash:** 100–200 RMB in small notes, including a few 1 RMB coins or notes for the bus.
8. **Install Amap:** Detailed live map works in China, switch to English version in Settings.
9. Save this guide on your phone and screenshot the driver box.

2. Accommodation

Judges and Experts: Talents Apartment, Yangtze Delta Region Academy of Beijing Institute of Technology (Jiaxing Campus).

Advisors and Students: Siyuan A/B Building, Yangtze Delta Region Academy of Beijing Institute of Technology (Jiaxing Campus).

Safety Notice

To ensure the safety of all attendees and the smooth progress of the competition, the following safety instructions are formulated. Please be sure to carefully read and comply with the following safety instructions:

(1) Legal Compliance

All foreign participants must strictly abide by the Constitution of the People's Republic of China, the Exit and Entry Administration Law of the People's Republic of China, the Labor Law of the People's Republic of China, and other relevant laws and regulations. These laws safeguard the legitimate rights and interests of foreign personnel, while also establishing codes of conduct within China.

(2) Entry security check tips

Foreign personnel need to understand and comply with China's entry inspection procedures, including passport, visa and other document checks, as well as customs and border inspection procedures. Please pay attention to China's restrictions on carrying items, including the prohibition of carrying prohibited items and restrictions on the quantity and value of items carried.

(3) Competition venue information

The address, main exits, and emergency exit locations of the competition venue will be provided through attached drawings or on-site signage. The venue provides free WiFi, etc.

(4) Safety Facilities

Firefighting equipment: The competition venue is equipped with fire extinguishers, fire hydrants, and smoke alarms.

Medical equipment: Ambulances are available outside the venue and emergency personnel are provided.

(5) Entry into the venue and document management

Wearing and Checking of Documents: Attendees are required to wear their badges throughout the duration of the event. Sharing badges are not allowed.

Item inspection: Before entering the venue, please cooperate with the staff to conduct a safety inspection. It is prohibited to carry firearms, ammunition, flammable, explosive and other dangerous goods.

(6) Venue Order and Safety

Order maintenance: Keep the venue quiet and avoid loud noises, smoking, and other behaviors. Please ensure that your phone is set to silent mode during the competition. Be orderly when entering and exiting the venue to prevent accidents such as crowding and pushing.

Facility inspection: During the competition, the organizer will inspect the safety of the electrical circuits, equipment, instruments, and other facilities in the competition room. Please notify the venue staff promptly if any problems are found.

(7) Custody of Valuable Items

Personal storage: Please keep your personal belongings safe. Valuable items can be stored at the hotel service desk. Pay attention to fire and theft prevention, and lock the door of the room at will.

(8) Traffic Safety

Vehicle management: Competition vehicles must enter and exit the venue with a competition pass. Drivers should abide by traffic rules, depart on time, and drive cautiously.

Personal travel: When going out during the competition, please pay attention to traffic safety, especially when crossing roads or walking on rainy days. Shared bicycles on campus are designated solely for use within campus boundaries and may not be ridden beyond the campus area.

(9) Emergency Response in these Situations

Fire: In the event of a fire, please remain calm, evacuate according to evacuation instructions, avoid using elevators, and prioritize stairs. When encountering thick smoke, please cover your mouth and nose with a damp towel and bend down to move forward.

Earthquake: When an earthquake occurs, quickly hide under a sturdy table or furniture. After the vibration stops, evacuate to a safe area according to instructions.

Sudden illness: If there is a sudden illness, immediately notify medical personnel. Call the emergency number in case of emergency.

Please comply with the above safety instructions to ensure the smooth and safe conduct of the competition. If you have any questions or need assistance, please feel free to contact the competition security personnel at any time.

Living Tips

(1) Jiaxing Weather Forecast

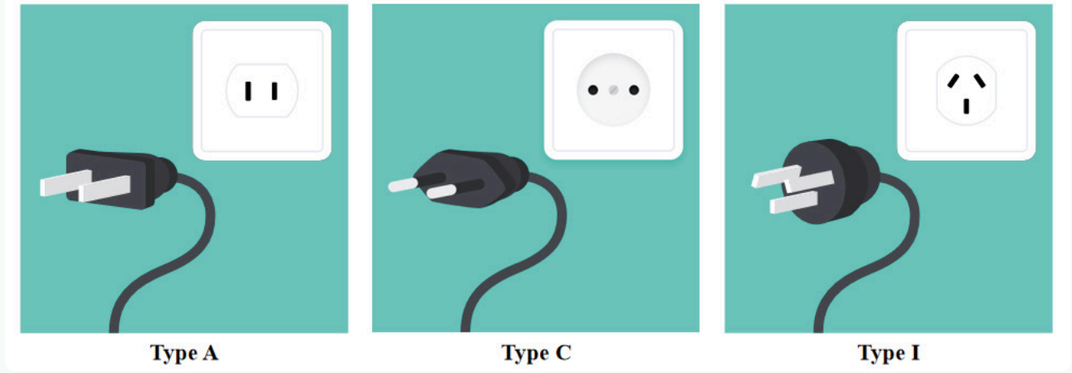
Date	Weather	Temperature
November 1	Light rain in the afternoon and night	9℃ – 11℃
November 2	Cloudy, occasional light rain	10℃ – 13℃
November 3	Cloudy	12℃ – 13℃
November 4	Cloudy	12℃ – 16℃

Forecast from weather-forecast.com, checked on 22 October 2026. Forecasts this far ahead can change.

For your convenience, we recommend that you bring an umbrella with you.

(2) Power Plug & Sockets

For China there are three associated plug types, types A, C and I. Plug type A is the plug which has two flat parallel pins, plug type C is the plug which has two round pins, and plug type I is the plug which has three flat pins in a triangular pattern. China operates on a 220V supply voltage and 50Hz.



You will need to consider what to pack, to ensure you can use your personal electrical appliances safely whilst abroad. It is important to note that it does not convert the voltage or frequency.

Electricity supplies worldwide can vary from anything between 100V and 240V. It can be extremely dangerous to use an electrical appliance that is rated at a voltage different from the supply.

As voltage can differ from country to country, you may need to use a voltage converter or transformer whilst in China. Most voltage converters and transformers come supplied with plug adapters, so you may not need to buy a separate travel adaptor. All converters and transformers will have a maximum power rating so make sure that any appliance you intend to use does not exceed this rating.

Appendix: Buying a Train Ticket on Trip.com

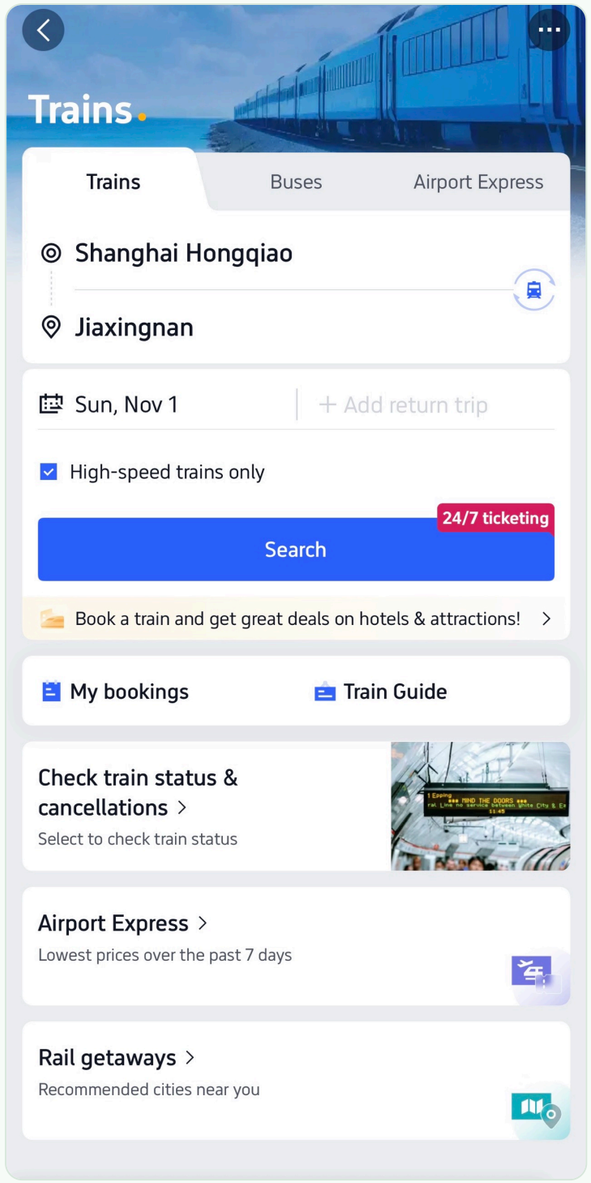
Example: Shanghai Hongqiao (上海虹桥) → Jiaxing South (嘉兴南), shown in the app as Jiaxingnan. You need your passport to book.

Step 1: Search for the train

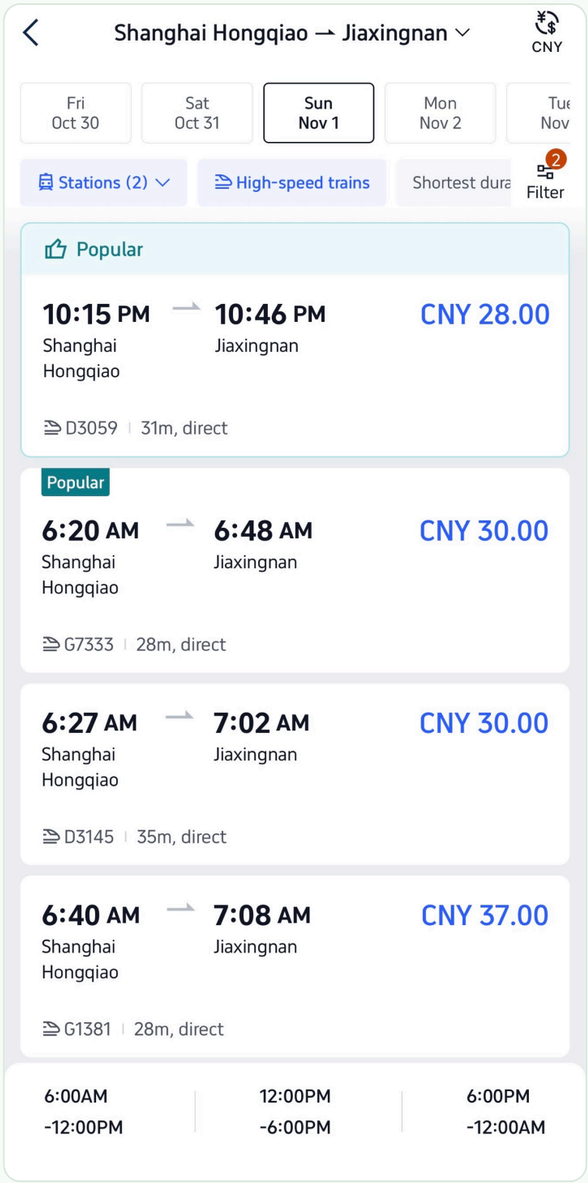
- Open Trip.com and tap **Trains**.
- From: type **Shanghai Hongqiao**
- To: type **Jiaxing** and choose **Jiaxingnan** (Jiaxing South).
- Pick your travel date and tick **High-speed trains only**.
- Tap **Search**.

The Railway 12306 app works the same way.

Back to the Transportation Guide



Step 2: Choose a train and book

- Each result shows the departure and arrival times, the train number (G or D) and the price.
- The trip takes about 30 minutes. In this example (Sunday 1 November) fares were CNY 28–37.
- Tap a train, add yourself as a passenger with your passport details and pay.
- No paper ticket is needed: scan the same passport at the station gate.


Screenshots are examples. Times and prices change; the app shows the current ones.
